### Power Requirements:

How many outlets? Alternative energy?

**Site/Stage:** Approximate height and foot print of your piece/performance area.

**Nights Available:** Performers especially

Please attach, send or email us a rough sketch, a few images or, *for performers*, mp3/movie clip of your idea or of past work if possible.

# GLOW 2008

## Artist & Performers Entry

**YES!** I'm willing to volunteer

**Volunteering** is a great way to participate and be a part of the growing GLOW community.

Volunteers get a GLOW t-shirt, themselves and one other person free admission but most importantly you are helping out the community. By Volunteering you are agreeing to working a two or four hour shift (the four hour shift gets an extra person on the guest list). Artists & Volunteers are asked to wear illuminated outfits and we'll be having a workshop to help you do just that on August 23.

Additional workshops will be announced as they are organized.

Artists Receive the same plus some extra premiums.

### Notes:

You are responsible for installing your piece by the deadline. Insuring that it works pre-GLOW and maintaining it throughout the weekend of GLOW. You must remove your piece by the following weekend or make arrangements with the organizers.

Bring power cords and power strips necessary for your piece, Label them with a name and phone number to insure they are returned to you. Alternative power is encouraged.
